For outstanding architecture, art & landscape

Further information

Who can nominate

Anyone can nominate a project for the judges to consider. You can either nominate a project of your own, or one that you have seen, and you may nominate more than one project.

What can be nominated

We're looking for examples of good design or restoration that make Leamington Spa look and feel great. It could be a new building or renovation, it could be the development of a beautiful front garden or green space, or a creative mural or an inspiring sculpture. The project must be viewable by the public in Leamington Spa and have been completed April 2018 – April 2021. (Completion dates have been extended due to Covid.)

How to nominate. For each nomination, simply complete the online form on our website www.leamingtonsociety.org or send a postal entry to Richard Ward (3 Bell Court, The Maltings, Leamington Spa, CV32 5FH). Our website also has information about our GDPR policy.

Additional information. If possible please include images of your project. If you don't have any, don't worry, all nominations will be treated equally. Please upload images or attach them to the application form. By doing this you agree to us using any or part of them on our website, in social media or presentations on the night. If the pictures need a copyright credit then please supply this as we will assume we have 'free' use if not notified otherwise.

The deadline. All nominations must be received by Sunday, 22 August 2021.

What happens next. Over the summer our judging panel will be out in Leamington reviewing your nominations. Everyone who nominates a project will be contacted by 16th September to inform them if they have been selected. The Judges' decision is final, and no correspondence will be entered into.
